

# Can We All Come Together

B.T.O. (Bachman-Turner Overdrive)

You are what you are  
I am what I am  
Can we all come together  
With some kind of plan  
I want you to laugh  
But you want me to cry  
Can we all come together  
Hey, why don't we try

Can we all come together  
Can we reach across the sea  
There are worlds in between us  
The sky is all we see  
So let's all come together  
Let's all come together

Why do we like different things  
And we live different ways  
Can we come together  
For happier days  
I want you to smile  
But you let me down  
Can we come together  
Let's do it right now

I see you live for the sun  
I live for the rain  
Can we come together  
Can we be the same  
I want to settle down  
But you want to run  
Can we come together  
Can we be like one
