Oh oh I'm dreaming right now  
Because we're still so young  
When the sun rises tomorrow  
I'll be born again  
Everything looks new, a question mark always  
Above my head. don't compare me with others  
If you can hear this song  
Everyone dance to the rhythm

Even if the start is scary, don't be nervous  
Slowly move, left to the right  
Don't need to worry about it, don't stop  
Okay, always go where your heart goes

Oh oh I'm dreaming right now  
Because we're still so young  
When the sun rises tomorrow  
I'll be born again

Party

Everybody welcome to my zone  
Don't be scared, come on over  
From your head to your toes  
Don't hold back, party it all out  
Life is art  
Youth goes quickly  
Everybody welcome to my zone  
Don't worry, come on over

Whether you're a hotshot or not  
Whether you have money or not  
Who cares? listen, I can promise you  
Whether you're happy or sad, I'll sing  
Music is always ready for you  
I am your family, friend and resting place  
Sometimes, you can forget it all and ball it up  
This moment won't ever come back

Don't worry about tomorrow and just have some fun  
Yo listen to the music and groove on and on  
While we still young get out of your comfort zone  
Man don't be a kevin and stay home alone  
There's a first time for everything (yep)  
Don't worry about anything (don't)

From your head to your toes  
Don't hold back, party it all out

Everybody welcome to my zone  
Don't worry, come on over

Laugh out loud, it's not easy  
But when I see you smile, you you you  
Forget everything, the start is now  
Do it better and better come up baby

Oh oh I'm dreaming right now  
Because we're still so young  
When the sun rises tomorrow
