I always dream about beating him up
I don't think I can take anymore
'Cause I know for sure
That he's the worst man you've ever met
So let me tell you what's up
He's cheating on you, hitting on other girls
He's lying to you
I swear, I swear it's true
'Cause there's no reason to lie to you

Alright, I know you like that guy
But I can promise you that if you're my girl
I'll treat you like a queen
That's just how much you mean to me
Girl, you're supreme
Can't think of you with any other guy
Just the thought of it makes me wanna die
Suicide squad
I'm a bad boy but for you I'll be nice
