Girl I don't know where you are
But if you can hear my prayer
Give me one last shot
I only said this inside, only said it with my heart
My earnest prayer
At the darkness sky, without knowing
I prayed for you out loud

Please give me one chance
Please don't leave me alone
I can't breathe no more
Please come back to me
I'm gonna hold you tight
And I'm praying to the sky

If you stop me from going from my dreams to reality
I'll walk into bad luck
The place you're in, my halo
I could bring you above the sky
The earnestness at the end of my prayer
If you hear it, please come to me in my dream

I'll be your man, I won't ever let you go again
I can't just leave you like that again
Please call my name
I can't live without you, please come into my arms again
I can't leave you alone anymore, baby I just pray

Always on my mind always always on mind

That girl is on my mind 24/7 365
Dear god do you hear my cry
I pray for her back every night
Promise you that I'm a better man
Won't ever let her go no not again

Please give me one more chance
Please don't leave me alone
And I can't breathe no more
Please come back to me
I'm gonna hold you tight
And I'm praying to the sky

Lord, please hear my prayer
Please give her back to me
You said you would listen
To the cries of a weak sheep
God, please, if you exist
I'll fix everything, it hurts so much
Even me denying you - Even this habit of
Only looking for you at times like this

I'll be your man, I won't ever let you go again
I can't just leave you like that again
Please call my name
I can't live without you, please come into my arms again
I can't leave you alone anymore, baby I just pray

I only said this inside, only said it with my heart
My earnest prayer
At the darkness sky, without knowing
I prayed for you out loud

Baby I pray yeah
I won't get my hopes up
But I can't get rid of this arrogance
This is the only instinct I have left
Blindly, I'm endlessly following you
Baby I pray yeah
I can try throwing more fits
But I'll just burn myself out and look at you for a while
The night ocean that we used to walk by
Now the cold ocean wind blows like a knife

Please call my name
Please come into my arms again
I can't leave you alone anymore, baby I just pray
