My first date with you  
My heart keeps pounding like a kid  
These days, Sunday  
The sun called you is rising on Sunday  
My first date with you  
My heart keeps pounding like a kid  
These days, Sunday  
The sun called you is rising on Sunday

24/7 all day, I only thought of you  
Our first date that I've been waiting for  
I think it'll be a special day  
I can be a gentleman  
Cause I'm your boyfriend  
After thinking about it for a while  
I stayed up all night  
When the sun wasn't even up yet  
Why is this day so long?  
I'm resenting the clock hand  
Ever since I started dating you  
I've been feeling up

All night girl  
I think about you all night girl  
I'll see you when tomorrow comes  
And I don't know what to say

Meeting you on Sunday  
Waited for this Sunday  
(How we do how we do  
How we do uh yeah)  
Time, please go faster  
Meeting you on Sunday  
Only imagined this someday  
I don't think I can sleep at all today

My first date with you  
My heart keeps pounding like a kid  
These days, Sunday  
The sun called you is rising on Sunday  
My first date with you  
My heart keeps pounding like a kid  
These days, Sunday  
The sun called you is rising on Sunday

Tomorrow is the date I've only dreamed about  
The stars are so pretty and the moon is so pretty  
The light that shines on me  
The world seems like  
It's made for me even more today, right?

Tonight, I'll be a plan man, it's all for you darling  
If time is a stock called you, I would invest  
The clothes to wear with you, choice, surrounding my closet  
My heart is filled with noise, I hum with excitement  
All day, I only thought about you  
I won't be able to sleep at fantasies of you  
Alone

All night girl  
I think about you all night girl  
I'll see you when tomorrow comes  
And I don't know what to say

Meeting you on Sunday  
Waited for this Sunday  
(How we do how we do  
How we do uh yeah)  
Time, please go faster  
Meeting you on Sunday  
Only imagined this Sunday  
I don't think I can sleep at all today

I keep looking in the mirror  
My heart keeps racing  
I don't wanna say no more  
Feel like I don't wanna say no more  
(I know) oh you  
(I know) make  
My days like a movie

These days, Sunday  
Day by day, Sunday  
(How we do how we do  
How we do uh yeah)  
A smile naturally comes several times a day  
Only imagined it, some day  
But not now, some day  
I think I'll be smiling

My first date with you  
My heart keeps pounding like a kid  
These days, Sunday  
The sun called you is rising on Sunday  
My first date with you  
My heart keeps pounding like a kid  
These days, Sunday
