Yeah, beautiful girl
She's my religion
So I can call you she-sus
I push aside the fact that you have no boyfriend
When you looked at me
You wrapped around my heart
A normal guy like me
Doesn't fit your standards
So I wore a "friend" mask
Hiding my true feelings when I'm next to you
Sliding into the comfortable category
Always high kicking the blanket
At night in frustration
Damn, you always entice me
I can't control myself because of all your expressions
Watching you, my head goes bing bing
Pool full of beauty and I dive in it
Girl I'm so K.O
You're like Napoleon, conquering me in an instant
I continued to watch you
Hiding behind a friend image

You're beautiful
Don't we look good together?
I always imagine it like this
You be with me with me
You're beautiful
What will we be like together?
I always imagine it like this
You be with me with me

The start was at dance class
I took interest in you
After hearing rumors
But when I saw you
I lost my mind, my heart is like a keyboard
Trying hard to be cool
Not giving you a single glance
To protect my ego
But your words hit me
Like a bowling ball
My heart is hit by a strike
Like a bowling pin
Following the number exchange
Is an all-night texting session
My feelings for you keep getting better than better
But I can't figure out how you feel about me
I hear "She has a boyfriend"
I guess all girls are
The same, all uniform
It's a one-sided love
But it's still beautiful

You're beautiful
Don't we look good together?
I always imagine it like this
You be with me with me
You're beautiful
What will we be like together?

I always imagine it like this
You be with me with me
