□□□ □□, □□□ □□ what

Damn the hip-hop pride, idol rapper? Cut that bullshit  
He's originally an idol shit anyway - they look down on me  
They give their principles to the dogs and laugh at my name  
You only know how to go with the tide  
And look down on others, how you kill me?  
So I bring the monster back  
My monster swag  
So this is the monster track  
Cuz of my freakin monster rap  
The modern day Hong Kil Dong's  
They see good things but can't call it good  
Third generation leader, so I'mma lead ya  
This is a generation change - I'm sayin  
Yeah I'm the top of the top of the top  
Poppin em, rockin em, stoppin em, blockin em  
Like the Cassius' lance - Imma don  
Don't turn the beat off becuz I'm not freakin done  
Don't play around on top of the beat  
Cuz every kick is my freaking zone  
I was always generous  
But now I'mma murder you rappers  
Cut em up by order  
Then I'mma murder you haters  
Now look at me and tell me, who's in your top 5?  
Rap Monster, Randa, Rida, Rapmon, your dad

Right now it's hope world from BTS  
Everyone follows me, my potential gets retweeted  
Let everyone know my flow  
Ride your eardrums and fill your bodies  
I sharpened my sword for tomorrow  
Get back in the days  
Considering my age, I was a kid who didn't know rhymes  
I was just a common kid  
From Gwangju who looked at idols  
Now I'll show you, on the Cypher on top of this track  
I'll reveal my aspirations, I'm above the minors  
It's a major different from you, uh  
I fill up the TV screen  
Rapper costume? No, I take away the foam and spit it out  
Whatever I want - wherever I go, it becomes an issue  
If you're jealous, go to the hospital, two weeks to heal  
Everyone who hoped for my defeat is holding onto their necks  
J-Hope plays a foul on top of the game that rides with  
Hip-hop pride

I have yet to go to the army but my hobby is sharpshooting  
We are bulletproof was a big hit  
The clumsy fakers was pricked and reacted  
Feel a little more inferior, the quality of my pronunciation is 4k  
I'm dope man, I'm the Chopin of the beat  
I won't ever change, I was born a rapper  
My attitude is my mentor  
Even if you talk smack about me, I'm memento  
Show your hip-hop pride but you'll still feel impotent  
Hide your jealousy, I can see your IP address  
I'm a boiler, I get hot in an instant

Like a spoiler, you're so typical  
Fixed up and stupid hip-hop losers with nothing inside  
It's too hard to last in this growing world of K-Pop  
So just rap as a hobby  
It's the end of the world, if you're guilty, try harder, what
