Crystal snow, oh
□□□□□□ Baby crystal snow

Making sure like the snow that builds up
You gave me the courage to live

We crossed through every moment to meet
How do we do? how to say to you?
This uncertain state love

The world is going faster than expected
Are we gonna change it? we don't know yet
But surely...

(Eh) Love in our heart uh yeah
(Eh) Slowly it echoes

I want to hold you once more before you disappear
Ah soaring forever crystal
Hey, I don't need anything else
I just want to feel a little longer
Can I touch your heart?
Though I want to touch it, it slips through
Oh someday... someday

Your small smile is pained for some reason
How can I be closer uh...
Why can't I find an answer for these feelings

How am I gonna find it?
How
Oh let me know

Vaguely shaped crystal snow
Unfilled story is already impossible
Eh I will change things with these hands

Surely, I swear...

I want to protect you once more before they change to tears
The more I wish the further out of reach Crystal is
Even in a hundred years in the future, I want my next step to be net to you
Can I be your one?
The snowy night sky without a single star
Oh someday ... someday

The two of us are already far apart
Even though we are meant to be one
Now the paint that colors us
And the black breath we cannot decide
And your thick white fog
I feel, I feel, I feel, I feel
Oh Crystal Snow, crystal snow
Within that pure white
You pass through me
Still trying to become water flowing in my heart
It reflects on everything that shines
I'm watching your light
I'll wait for you no matter where
I want to see you even if it's a lie, take this hand

The warmth I love melting the melody
This genuine warmth, please continue forever

I want to hold you once more before you disappear
Soaring to come true crystal
I don't have enough words but I will say it as it is
Can I touch your heart?
I want you to believe, I'll come get you
Someday... someday...

It's always you, it's always you, crystal snow
(Let me see your smile, oh baby, eh)
It's always you, It's always you, crystal snow
(Let me feel your love, yes forever, fu)
It's always you, It's always you, crystal snow
(Let me feel your love, our crystal snow yeah)

It's always you, it's always you, crystal snow
Crystal snow, oh...
Forever baby crystal snow
