YOU IN DANGER  
YOU IN DANGER  
YOU IN DANGER  
YOU IN DANGER

As always you are only thinking about yourself  
You are a one person duo  
What am I, an accessory?  
I don't know if I am your boyfriend or no! I am sick!  
Is the unseen relationship of ours is a business  
With me, is it not right?  
Don don dig don don  
I want you to change  
I pray for this again today

We are like parallel lines  
We are close but we don't interact  
I don't care what ever you wish from me  
You are everything  
What happened? Why aren't you saying anything?  
To my heart with sound but no beat  
But she's so sweet I pray again for a miracle  
Wishing not to get used to it

You are not here  
But I want to see you  
Almost breaking down  
You are away  
I can't take this anymore  
With these  
I don't want to deceive myself anymore

This is not right! This is not right! Are you fucking kidding me?  
I quit being played around  
I can't take it anymore

I can't hold it anymore  
I can't hold it anymore  
I don't stand getting played with anymore!

This is not right! This is not right! Are you fucking kidding me?  
I quit being played around  
I can't take it anymore  
I can't hold it anymore  
I can't hold it anymore  
I don't stand getting played with anymore!

Again because of you...  
Again because of you...  
Again because of you...  
I don't stand getting played with anymore!

Because of you I black out!  
Because of you I black out!  
Because of you I black out!  
I don't stand getting played with anymore!

Look, No mood. Unlock. Around the world  
My heart is still on search  
You return my long messages only with 2 or 3 lines  
I don't need that kind of mail  
Where is our blooming love story?  
There is no mail and all  
But you are always only one word  
Again I send you lots of massage and you cut Ban Ban

What? What? What am I to you?  
That is you who always swing me around  
You always just want just want  
Our love is only a shape nothing more  
I hold my fear with a serious burning feeling  
I feel I am nothing without you  
If I feel like this  
It would have been better if it wasn't like this  
I'm a love loser

You are not here  
But I want to see you  
Almost breaking down  
You are away  
I can't take this anymore  
With these  
I don't want to deceive myself anymore

This is not right! This is not right! Are you fucking kidding me?  
I quit being played around  
I can't take it anymore  
I can't hold it anymore  
I can't hold it anymore  
I don't stand getting played with anymore!

This is not right! This is not right! Are you fucking kidding me?  
I quit being played around  
I can't take it anymore  
I can't hold it anymore  
I can't hold it anymore  
I don't stand getting played with anymore!

Again because of you...

Again because of you...  
Again because of you...  
I don't stand getting played with anymore!

Because of you I black out!  
Because of you I black out!  
Because of you I black out!  
I don't stand getting played with anymore!
