

Danger (Mo)

BTS

This an emotion
between a man and a woman
don't wanna calculate it
don't wanna regulate it
If I knew the true love was like this
I can't be sure if I'd have tried it
All I feel is anger
and the danger

I'm a love loser
You hesitate
All your mistakes
Stop wasting my time
So you like playing games
Roll the dice again
But beware you take care
You're in danger tonight
My heart is burning can you feel it tonight
Like an open fire lighting up the sky
There will be no escape
U and me face to face
We take it all the way
We're in danger tonight
My heart is burning can you feel it tonight
Like an open fire lighting up the sky
There will be no escape
U and me face to face
We take it all the way
We're in danger tonight
