Mm, uh-oh

Uh, it looks like I lost something
I relieve anxiety with a sip of coffee
An endless rest
Uncomfortable happiness that suddenly came to me
24 hours, we have a lot of time
I sleep all day, now there's no problem
Break down, what should we do?
I'm the one who eats three meals a day
My sin, a dog biting me while I rest
Don't do that, even if I scream, I'm hungry for achievements every day
E'r'yday do my thang, damn if I fail
I keep growling, a rotten rope
It's unsafe, this is a disease
That job gives you a physical stun, ow!

Maybe
It's because I'm sick of my many thoughts
I hate that
I'm not so simple
I'm too young, my body's the only grown up
The limp of life
One for the laugh, two for the show

Just like I'm so fine

Comfort me everyday
They're all the same people, ain't so special
Ay man keep one, two step
Let's calmly treat them all

My disease
Dis-dis-dis-disease
Scare away
This cowardice

RM, yeah
My heart needs a vacation
Oh, just do your job
I'm ill, yeah, I'm the job itself
A friend named "rest" oh, I never liked him
How much do you have to earn to be happy?
This disease hits your head like glass
I don't know if it's the world that's sick
The dark doesn't blur out even when I take off my glasses
Whatever label is attached to me after this time
I hope that's all you
You, you, you

Everybody's got a lot of diseases, I'm confused by that
That humankind is inherently disgusting
400 more cases of heart disease
There aren't many people that don't work
Yo, is it the world or me that's sick?
Is it just a difference in interpretation?
I don't know if that's all
I don't know how to change someone
Something faster than that is me changing

Maybe
It's because I'm sick of my many thoughts
I hate that
I'm not so simple
I'm too young, my body's the only grown up
The limp of life
One for the laugh, two for the show
Just like I'm so fine

Comfort me everyday
They're all the same people, ain't so special
Ay man keep one, two step
Let's calmly treat them all

My disease
Dis-dis-dis-disease
Scare away
This cowardice

Sick and tired
But I don't wanna mess up
Cause life goes on
Through the fire
I'll walk more like myself, woah
Walk it, walk it, walk it
When night falls, I close my eyes
Walk it, walk it, walk it
I wanna trust in the day you knew

Now wake up one more time
It's morning again, I have to take it today
Let's go, one more night
I don't know what's at the end, ayy
Woo, there's no eternal night
I'm stronger
A spark of fire
I will never fade away

Comfort me everyday
They're all the same people, ain't so special
Ay man keep one, two step
Let's calmly treat them all

My disease
Dis-dis-dis-disease
Scare away
