After you graduate, after I graduate
We won't shed a tear
From this moment on from school
We are free now

Adios middle school
It's only been 5 minutes since I graduated
But my pants have already
Been dipped white in flour
Do it young, wild & free
Today everyone will probably
Create havoc and eat beef
Because I felt like I've become an adult
I went out with friends
Drank coffee, and shopped
Even when we're busy hanging out, if highschool
Noonas pass us by our eyes will follow
My friends asks when is your debut?
Are you curious? If you're curious it's 500 won
I'm almost there, I'll come out when the time is right
So why don't you guys prepare to do fan activities
Because I was a trainee
I had no time to regret anything
Once again I stand on the starting line
Throw the bouquet toward me
My graduation, Kanye!

After you graduate, after I graduate
We won't shed a tear
From this moment on from school
We are free now

Graduation is approaching this year
Time is fast, fast
Fast~ my feelings are also ole!
I'll bring a close to my school life
We are also adults
Who know how to bring the mood up
Let it go, 94 year liner friends
Everyone go to the convenience store
And shout about yourself flow
Free from school
I call my mom "Today I'm not coming home!"
I'm confident I'll be proud
Of my ambition when I'm 20
Already I start to wonder alone about what I will do
I want to buy alcohol in a natural manner
I'll do my hair and I will also have a part time job
As I date someone in an adult style
But if I think about things like this
I become saddened

"Boss... Is debuting really
Supposed to be this hard?"
Just forget about all your troubles for now
Because today, I'm going to drink

After you graduate, after I graduate
We won't shed a tear
From this moment on from school
We are free now

After you graduate, after I graduate
We won't shed a tear
From this moment on from school
We are free now
