It leaves me feeling seasick baby  
It seems that the dream-like reality's depth gives it to me  
It spins me 'round and drives me crazy  
It seems that I'm like the moon that rose at noon

If I had been alone  
If maybe I had cried  
I may have given up  
Lost at sea

But my heart's still on fire  
With a burning desire  
I will find you again like destiny

I wish that you would love (love) me (me)  
Just like yesterday again, without letting go of this hand  
And every time my heart (heart) beats (beats)  
Match your step with me again so that I don't wander anymore

I feel destiny in you you you you  
I feel destiny in me me me me

When you hear my heartbeat, baby  
You give me new life, you give me new birth  
I feel you're heart beat away  
I've been losing my mind  
I've been craving my shine  
I know me before you was a ready made me  
But you designate me and you resume me  
I've been calling your name in this universe  
(Now I need no space)  
I got universe, done

Having met you feels like one piece of a drama  
That was created by this universe, countless wanderings  
Roaming that I couldn't see the end of  
You are who will guide me out of this labyrinth  
You are my light and my salvation  
I don't want to let go of your hand

I wish that you would love (love) me (me)  
Just like yesterday again, without letting go of this hand  
And every time my heart (heart) beats (beats)  
Match your step with me again so that I don't wander anymore

I feel destiny in you you you you  
I feel destiny in me me me me  
I feel destiny in you you you you  
I feel destiny in me me me me

My heart's on fire for your love  
Oh my heart's on fire for your love

I wish that you would love (love) me (me)  
Just like yesterday again, without letting go of this hand  
And every time my heart beats  
Match your step with me again so that I don't wander anymore

I feel destiny in you you you you

I feel destiny in me me me me me  
I feel destiny in you you you you you  
I feel destiny in me me me me me
