The grievance is killing me now, I empty my glass
I just want to lose everything
Why did I question before listening
On the road, the abandoned garbage bag too
In the wind, they make a lonely sound
You just painted over my blank paper
When I come to my sense
It's already become a painting

My hand-phone and yours
If they fall, you know they'll break
Only the scent of your body makes me whole
Come and hold me

Only you, I see just you
Other than you, I see nothing
Look, it's justice, it's equitable
All except for you
Just a single day now without you is Please

Hold me tight, hug me
Can you trust me
Can you trust me
Can you trust me
Embrace me tight
Hold me tight, hug me
Can you trust me
Can you trust me
Please please please embrace me

As always you light me up
You are still like a fragrant flower
Believe in me now
Hold me again
So I can feel you
Give me an embrace

Without you, I can't breathe
Without you, I'm nothing
Open your closed heart, dampen my heart
Give me an embrace so I can feel you

Your hold, your warmth, your heart
I want to see it again, I beg of you
In this moment, the warm wind of flower fragrance too
A clear sky over there without a speck of cloud as well
Everything is cold
The bright sky is also all darkening
Without you, what does this corpse of mine breathe
It hurts, I always cry cry cry
I'm going crazy and without you I'm tired
From the thoughts of you
I hate hate everything, I hate hate everyday
Ring me up, ring ding dong
If there's an opportunity, I'll hold you
I started to run, countdown
Prepared to be speared by your rose-like heart
I'll hug you again

Only you, I see just you
Other than you, I see nothing
Look, it's justice, it's equitable
All except for you
Just a single day now without you is Please

Hold me tight, hug me
Can you trust me
Can you trust me
Can you trust me
Embrace me tight
Hold me tight, hug me
Can you trust me

Can you trust me
Please please please embrace me

Your expression became cold
Instead of words, I'll speak for everything like this
Coming to me like the tide
I can't let you go
Don't say a word, don't go away
Hug me silently girl
I meet the farewell with you
Even though I know it's nearly the end

Please hold me, hold me
Please hug me, hug me
Hold me tight
Trust me trust me
Trust me trust me
Trust me
Hold me tight, hold me tight
Hug me
Can you trust me
Please please please embrace me
Can you trust me

As always you light me up
You are still like a fragrant flower
Believe in me now
Hold me again
So I can feel you
Pull me into your embrace
