Wanna be loved

Don't wanna be fool, wanna be cool

Wanna be loved, same love as you
Baby I want it

On every picture you post up
A guy I've never seen before likes it
Who is he?
Oh right, I'm not your boyfriend anymore
I naturally pressed your number but
Calling or texting you seems like I am losing
If I don't say anything
I don't think you'll even care about me
Why isn't there a dislike button?
I don't like it
Becoming just one of the thirty-something guys
Here and there, guys are liking your picture
Commenting, "let's meet up and play"
"Why are you so pretty"
Uh fuck that all stupid bullshits
You're not even mine anymore
But why do I feel like you're being taken away?
Haha, you're doing so well without me
I don't wanna see it so stop partying so hard
I swallow in the curses that rose up in my throat
And again today, I click like... shit

After we broke up, you look better, pretty woman
Yeah yeah yeah yeah
Annoyingly, you still look good, pretty woman
Oh pretty woman

Don't wanna be fool, wanna be cool
Wanna be loved, same love as you
I know it's over
Don't wanna be fool, wanna be cool
Wanna be loved, same love as you
Baby I want it

My friend clicked like on your photo
And I see that your face looks much better
You tag tag a photo that you took with your new boyfriend
Through that, I'm backspace-ing into the memories
In that world, everything is stopped
But why am I still hanging by that time?
Do you think of me? (do you?)
I contemplate, should I click like or not
It repeats many times
Your heart is like a guillotine
It severely cut me out but
Like an ogre, I secretly go to you
And I look at your daily life every day
Each time, I am tormented
Oh shit, do you think of me? (do you?)
As I contemplate, I decide not to click like

After we broke up, you look better, pretty woman
Yeah yeah yeah yeah
Annoyingly, you still look good, pretty woman
Oh pretty woman

Don't wanna be fool, wanna be cool
Wanna be loved, same love as you
I know it's over
Don't wanna be fool, wanna be cool

Wanna be loved, same love as you
Baby I want it

Are you well these days?
I got curious and went to see and the likes are shining
You, who is living well without me
Why did I think of you?
The only thing that finds me is pity for myself
I'll click on your face and leave
I'm living like this these days without you
(Know you want it)

After we broke up, you look better, pretty woman
Yeah yeah yeah yeah
Annoyingly, you still look good, pretty woman
Oh pretty woman

Don't wanna be fool, wanna be cool
Wanna be loved, same love as you
I know it's over
Don't wanna be fool, wanna be cool
Wanna be loved, same love as you
Baby I want it
