Spread spread spread my wings  
Spread spread spread my wings  
Wings are made to fly fly fly  
Fly fly fly  
If my wings could fly

Take me to the sky  
I remember the young me  
Probably because I didn't have any big worries  
These small feathers became wings  
Because I was full of faith  
That those wings would allow me to fly  
With the sound of laughter

(Like a bird)  
I go places they tell me not to,  
Do things they tell me not to do,  
Want things I shouldn't,  
Get wounded again and again  
You can call me stupid  
Then I'll just crack a smile  
I don't want to succeed  
With work I don't like  
I push myself  
Word

I trust myself, Since the reason why my back hurts  
Is so that wings can sprout  
I believe me, you, though the beginning may be humble,  
The future will be prosperous  
Fly fly up in the sky  
Fly fly get 'em up high

This is the path you've chosen kid, don't chicken out  
This is only the first flight after all uh

Take me to the sky  
If only I could fly freely freely  
If only I could escape forever ever  
If my wings could fly  
I penetrate through the air that gets heavier and heavier, and fly

Fly I I fly I fly away  
Higher than higher than  
Higher than the sky  
Fly I I fly I fly away  
With all my strength, my rosy wings

Spread spread spread my wings  
Spread spread spread my wings  
Wings are made to fly fly fly  
Fly fly fly  
If my wings could fly
