Love me now  
Touch me now

Just let me love you (let me, love, let me love you)

Just let me love you (let me, love, let me love you)  
Just let me love you (let me, love, let me love you)

Let me love, let me love you  
Let me love, let me love you

All this is no coincidence  
Just, just I could feel that  
The whole world is different than yesterday  
Just, just with your joy  
When you called me, I become your flower  
As if we were waiting, we bloom until we ache  
Maybe it's the providence of the universe  
It just had to be that, you know I know  
You are me, and I am you

As much as my heart flutters, I'm worried  
The destiny is jealous of us, just like you I'm so scared  
When you see me  
When you touch me  
The universe has moved for us  
There wasn't even a little miss  
Our happiness was meant to be  
Cause you love me and I love you

You are my blue mold, saving me  
My angel, my world  
I'm your calico cat, here to see you  
Love me now  
Touch me now

Just let me love you (let me, love, let me love you)  
Just let me love you (let me, love, let me love you)  
Since the creation of the universe  
Everything was destined  
Just let me love you (let me, love, let me love you)

Let me love, let me love you  
Let me love, let me love you
