The hero you've admired of since you were young
We used to jump, wanting to be that hero
But now we've grown and time has passed
You're becoming an adult...
But I WANNA REWIND

The times when the 10-year-old kid
Watched the anime innocently, and sung the theme song
I wanna go back so I close my eyes and scream
But nothing changes, it's just a dream

No matter who tries to stop me
I will go forward
Life is only once !
LET GO !
LET GO ! O-O-O !

No matter what happens
I'll not regret !
Let's go and fly to the sky !
LET'S JUMP!
JUMP! JUMP! JUMP! JUMP!

2007 is when my life changed
It's been 7 years since that day
A killer of girls' hearts
But sometimes, I go back to those days
Facing myself, who was like something new
It's awake me until the future to be over
Now there is no more hesitation
Shout and jump like Jordan!

Rewind to that time
Taking out the trampoline from the corner of the room and jump around in the
air
After that i purely satisfied only with that
When i dreamed about my sweet childhood
It was full of happiness
SO, CAN I BE THE ONE
JUST, I CAN BE THE ONE
THAT I STOP...

(Let's jump!) Everybody, throw your hands up, PUMP IT UP!
(Let's jump!) Everybody, throw your hands up, JUMPIN' UP!
(Let's jump!) Let's jump NOW !
(Let's jump!) Shall we start it ?!
(Let's jump!) Everybody put your hands up and scream together, JUMPIN' UP!

LET'S JUMP AND DOWN!
We are HERE!
WE ARE BTS!

BEAT DOWN!

If you are ready, put your hands up high!

It's different from the dream that i saw when i were little

But finally i've seen, our evolution

The rapper who jump to the stage

We get it all !

Creating seven heroes's hope with full of problem and making a JUMP SOUND
Instead of a trampoline, the place I need to jump on is the stage, crazily,
UP, DOWN

Without say anything, it's time to spread my wings and let's do it until end

LET'S GET IT STARTED !

Be confidence !

ROCK YOUR BODY now !

Throw it all !

LET'S GO PARTY !

(Let's jump!) Let's make a dream!

(Let's jump!) THROW YA HANDS IN AIR!
