I gotta let you know  
That I need to let you go  
Hard to say goodbye  
□□□□□□

I'm ready to let go  
I'm ready to let go

Before we say goodbye, let go  
But I'm lost in the maze of my heart  
From stereo to mono  
That's how the path splits

If my fate is to disappear like this,  
Then this is my last letter  
Pinned words, written then erased  
Feelings for you, so many to let go  
Unpuzzle my Lego  
At a level where it can't return to its original shape  
So be it. Don't cry  
I'mma let you go and fly

Hectic days, keeping myself busy  
Distraction filled schedule  
But I won't forget  
Burned into the back of my mind like tattoo  
We can't return to those days  
If I could, I'd call your name  
No... but I'll accept your blame  
It really is time to say goodbye

Before we say goodbye, let go  
But I'm lost in the maze of my heart  
From stereo to mono  
That's how the path splits  
It continues

In order to release your hand right now  
I gotta let you know that I need to let you go  
Hard to say goodbye  
But I can't run  
I'm ready to let go  
I'm ready to let go  
I'm ready to let go

What have you been up to lately?  
Who are you thinking of so far away?  
Life without you is really unbelievable  
But even so I still gotta go  
To the person I loved too much  
To the red thread that got too entangled in itself  
I couldn't reach you, so I'll walk a separate path  
For that reason I'll say goodbye

At first every day is like that  
Beyond the tears hidden in the rain  
I'll wait for you, let's start over  
So that in the future  
I can meet you again with a smile

In order to release your hand right now  
I gotta let you know that I need to let you go  
Hard to say goodbye  
But I can't run  
I'm ready to let go  
I'm ready to let go  
I'm ready to let go

The color of the sky we saw together  
The scent of the path we walked down together  
Don't forget them

In order to release your hand right now  
I gotta let you know that I need to let you go  
Hard to say goodbye  
But I can't run

I'm ready to let go  
I'm ready to let go  
I'm ready to let go
