One day the world stopped
Without warning
Spring didn't know to wait
Showed up not even a minute late
Streets erased of footprints
I lie here, fallen to the ground
Time goes by on its own
Without a single apology (yeah)

It looks like rain again today
I'm soaked to the bone
Still won't stop
Running faster than that cloud of rain
Thought that'd be enough
Guess I'm only human after all
I'm in a world of pain
This cold the world gave to me
Prompts me to press the dust-covered rewind
Dancing off-beat lying on the ground
Once winter comes, let's exhale a warmer breath

There's no end in sight
Is there a way out?
My feet refuse to move, oh
Close your eyes for a moment
Hold my hand

To the future, let's run away

Like an echo in the forest
The day will come back around
As if nothing happened
Yeah life goes on
Like an arrow in the blue sky
Another day flying by
On my pillow, on my table
Yeah life goes on
Like this again

Let me tell you with this song
People say the world has changed
But thankfully between you and me
Nothing has changed

With the "hello" that we start and finish the day
Let us thread tomorrow with today
Stopped for now but don't hide in the shadow
Because the daylight will glow once again

There's no end in sight
Is there a way out?
My feet refuse to move, oh
Close your eyes for a moment
Hold my hand
To the future, let's run away (Oh, oh, oh)

Like an echo in the forest
The day will come back around
As if nothing happened
Yeah life goes on
Like an arrow in the blue sky
Another day flying by
On my pillow, on my table
Yeah life goes on
Like this again
