So show me (I'll show you)
So show me (I'll show you)
So show me (I'll show you)
Show you show you

I know you're hesitating
After all, I'm back in the scars
I will not say anything that makes you feel strong
I will tell you my story

I said something
You said you were gonna win
I did not believe (really)
Could I win
This miraculous miracle
We made it
(No) I was here
You came to me
I do believe your galaxy
I want to hear your melody
Your stars in the Milky Way
How you can plant your sky
At the end of my despair
Do not forget I finally found you
You were standing at the edge of the cliff
My last reason

Live

I want to disappear forever
Let's make a door. It's in your heart
Open the door and this place will wait
Magic Shop

Drink a cup of warm tea
Looking up at the Milky Way
You'll be fine oh This is Magic Shop

So show me (I'll show you)
So show me (I'll show you)
So show me (I'll show you)
Show you show you

Like a rose flower
Like a cherry tree
Like a morning glory
Like a beautiful moment
I always want to be the best
So I was impatient and I was always nervous
Comparisons with others have become routine
My desire to be a weapon made me angry and irrational
But then, looking back, in fact
I do not think I wanted to be the best
I wanted to be upset and touched
I want to take your sadness and pain

I want to disappear forever
Let's make a door. It's in your heart
Open the door and this place will wait
Magic Shop

Drink a cup of warm tea
Looking up at the Milky Way
You'll be fine oh

So show me (I'll show you)
So show me (I'll show you)
So show me (I'll show you)
Show you show you

If I was afraid of everything, could you believe me?
All the sincere time left
All your answers are here
In your mind in your Milky Way

You gave me the best of me
So you'll give the best of you
You found me. You knew me
You gave me the best of me
So you'll give the best of you
You'll find it in your galaxy

So show me (I'll show you)
So show me (I'll show you)
So show me (I'll show you)
Show you show you
