I bet it got my haters hella sick (hella sick)

I'm so firin', firin', boy, your time's up
Keep on and runnin' and runnin' until I catch up
How you dare? How you dare? How you dare?

Another trophy, my hands carry 'em
Too many that I can't even count 'em (turn it up now)
Mic drop, mic drop

Yeah, who says my spoon is filthy?
I don't care, when I grab the mic I beat them who got several golden spoons
And lash out, there are many rare steaks not cooked properly
Once again, I'll be chewing over and over at the star's dinner
Center of World Business
Number one favorite for casting sold out
Not many of this class, savor the value
Stinking is a foul with this good scent

Sorry mom, your son is so killing it
Should I chip in? For the duties you missed as a good child
We never have empty seats in our concert

No need to see you anymore, this is the last farewell
Got no words to say, don't even apologize
No need to see you anymore, this is the last farewell

Got no words to say, don't even apologize
See, you end up just like that
Just so fizzy, we're like Coca-Cola
Your corneas gets shocked when it sees us
'Cause we're just too stylish
