Yeah who says my spoon is dirty
I don't care I grab the mic, I got several golden spoons
I lash out, y'all undercooked, several of you steaks
I'll chew you out repeated, on the evening of the stars'
World Business headline
#1 casted, sold out
There's not a lot on this class, we fully enjoy the value
Bad smell on a good scent is against the rules

Haters are struggling
It's already golden, golden, my success
I'm so firin' firin' torch relay
You hurriedly, hurriedly run away
How you dare
How you dare

Ah there's too many trophies in my hands
It's too heavy, my hands aren't enough

Right always prevails ah
Once upon a time
Aesop's fables fly
Look at your reality, serves, serves your right
I can die happy this instant
Which country are we going to now
How many hours is it on the plane
Yeah I'm on the mountain
Yeah I'm on the bay
We collapse on the stage

There's no need to meet again, this is final goodbye
There's nothing to say, don't even apologize
There's no need to meet again, this is final goodbye
