Everybody say no

A good house
A good car
Will these things bring happiness?
In Seoul
To the sky

Will parents really be happy?

Dreams disappeared
There was no time to rest
It's a cycle of school
Home or an internet cafe
Everyone lives the same life
Students who are pressured to be number
One live in between dreams and reality

Who is the one who made us into studying machines?
They classify us to either
Being number one or dropping out
They trap us in borders, the adults
There's no choice but to consent
Even if we think simply
It's the survival of the fittest
Who do you think is the one who makes us step
On even our close friends to climb up? what?

Adults tell me that hardships
Are only momentary
To endure a little more, to do it later

Everybody say no
It can't be any later
Don't be trapped in someone else's dream
We roll (we roll)
We roll (we roll) we roll

Everybody say no
It has to be now or never
We still haven't done anything
We roll (we roll)
We roll (we roll) we roll
Everybody say no

A good house
A good car
Will these things bring happiness?
In Seoul
To the sky
Will parents really be happy?

I want to play and eat
I want to tear my uniform
Make money, good money
But they already view me crookedly
My obscure bank account
My unhappiness is past its limit
A factory of sighs while studying
A continuous cycle

The grown-ups confess
That we have it so easy
They say that we are happier than our portion
Then how do you explain my unhappiness?
There's no conversation topics beside studying
Outside, there are so many kids like me
Living the life of a puppet
Who will take responsibility?

Adults tell me that hardships

Are only momentary
To endure a little more, to do it later

Everybody say no
It can't be any later
Don't be trapped in someone else's dream
We roll (we roll)
