We're now going to progress to some steps which are a bit more difficult
Ready, set, and begin

Bighit exclusive, exclusive

I go back every day
To me of yesterday
To the life of giving up
I let myself go away
But in this world, you know
There are truths unchanged
Time rushes ever forward
There's no ifs, buts, or maybes
Almost forgotten memories return
Touch of the devil, fateful recall
I still wonder, why did they beckon again
Every day ask me, guess it, whip it, repeat oh
Nothing that will change, so
I lock it up again, close
'How much love? How much joy?'
Soothe myself and stay calm, alone

Yeah I don't care, it's all
Choices by my fate, so we're here
Look ahead, the way is shinin'
Keep goin' now
(Ready, set, and begin)

That way, way, way
Wherever my way
Only ego ego ego
Just trust myself

(2 Cool, 2 Cool 4 Skool)
Life not of j-hope but Jeong Ho-Seok flashes by
It must have been full of regret with no hope 'til I die
(2 Cool, 2 Cool 4 Skool)
My dancing was chasing ghosts
Blaming my dream, asking why I live and breathe
Oh my God (God, God, God)
Uh time goes by
Seven years of anguish come out finally

Oppressions all resolved
Into my heart come answers from my most trusted
'Only one hope, only one soul'
'Only one smile, only one you'
Definite answer to the truth of the world
Only one and unchanging me, right

Now I don't care, it's all
Choices by my fate, so we're here
Look ahead, the way is shinin'
Keep goin' now
(Ready, set, and begin)

That way, way, way
Wherever my way
Only ego ego ego
Just trust myself

Way I trust, way I go
Became my fate, became my core
Hard it was, and sad it was
Still reassured and made me know myself
