The world is a complex

We was lookin' for love

I used to be one of those whatever people too

I didn't believe what real love is

I used to say habitually that I want to love

But I found myself

The whole new myself

I'm confused too, which one is really me

I met you and did I realize that I'm a book

Or did you turn the page

Damn

Anyways I want to be the best man for you

It's probably naturally because you are my world itself

I would become what you want, God I swore to myself

So many complex

But I'm lookin' for love

I can be a fake self as long as you embrace me

You are my beginning and the end itself

Will you finish me

All of my wonder

The answer to that

I call you her, her

Cuz you're my tear, tear

All of my wonder

The answer to that

I call you her, her

Cuz you're my tear, tear

Maybe you are my truth and the lie

Maybe I'm your love and hate

Maybe I'm your enemy and friend

Your heaven and hell, sometimes pride and suffering

I can never take off this mask

Because, within this mask, I am not the guy that you know

Again today, I make up to wake up

And dress up to mask on

So that I can become the me that you love

So that I can become the guy that you love

I quit XX which is used to enjoy very much

Just for you

Even the clothes I hate and too much makeup

Your laughter and happiness decide my own happiness

Do I deserve to be loved by you when I'm this way

I always try my best to be the best for you

I hope that you don't know this side of me

All of my wonder

The answer to that  
I call you her, her  
Cuz you're my tear, tear

All of my wonder  
The answer to that  
I call you her, her  
Cuz you're my tear, tear

Like always, mask on  
Greeting me with joy, her  
Your star. It shines for no particular reason  
The moment it's supposed to shine the brightest, I take the mask off  
Lost star I put down my baggage and enjoyt the darkness  
There's no spotlight that's shining me to death ye  
Just see where the heart goes  
Where the feeling goes, where it doesn't grab me  
Tick tock the dark is over  
So that I can be your best again  
I hold on to myself  
Love makes a person go crazy  
Yeah the determination of a madman  
I substitute myself into the method that's most like myself  
I give you the solution I came to for you, my everything  
You love it  
I do my best because of it  
Because of your presence, the night finds new meaning and shines bright  
I know now that when even when the darkness ends  
You are my morning  
You woke me up

All of my wonder  
The answer to that  
I call you her, her  
Cuz you're my tear, tear

All of my wonder  
The answer to that  
I call you her, her  
Cuz you're my tear, tear
