Good to you

I give it to you  
Although it was a bit awkward  
I want to give it all to you  
I give it to you  
To me, who sometimes cries and laughs  
It's only you  
For you

The moment I first saw you  
With short hair and a pretty school uniform  
I only remember that image  
You can't go anywhere  
You have to only look at me too

I don't know why my heart is like this  
I only think of you always  
I'll become a rhythm and a song  
And sing it for you

(Good to you)  
I only have you  
(Good to you)  
Even if I'm far away  
Always stay by my side  
(Good to you)  
You're my everything  
Even if the difficult tomorrow comes  
Hold my hand

I give it to you  
Although it was a bit awkward  
I want to give it all to you  
I give it to you  
To me, who sometimes cries and laughs  
It's only you  
For you  
(Good to you)  
(Good to you)

Good to you
