I'm takin' over you  
I'm takin' over you

I like it more because it's bad  
You know it deep down  
Now we don't stop (You can't stop)  
Be more honest

Stop  
Let's stop looking and [-] start studying for the exams  
Your parents and boss hate me  
The video clips you watched, various pictures and tweets  
Gotta watch V app  
I know that you like it, what do you do  
Stop it, you can analyze the movie later  
You already have plenty of my pictures in your room  
Not one hour, but a year or two flashes by  
This song is a reward I give you  
Good girl

You're not being punished  
Come here, I am your paradise  
Can't close your eyes  
Can't close your eyes  
You may struggle but it won't matter anymore  
(Don't reject me)  
Just close your eyes and listen closely

Follow the sound of the flute, follow this song  
It may be a little dangerous but I'm very sweet  
I'm here to save you, I'm here to ruin you  
You're the one who called me, see how it's sweet  
Follow the sound of the flute

I'm takin' over you  
I'm takin' over you

You know that it's already begun  
The moment you heard the sound

Yeah maybe I'm a little dangerous  
Like a guy who leads you with a flute  
You test me  
I'm knowingly drawn to you like the fruit on the tree of knowledge

My flute wakes everything up  
The sound of it makes you worry more  
You react because you're drawn to it  
I play the flute endlessly  
I am your guilty pleasure  
You can never get out of this  
Never

You are not being punished  
Come here, I am your paradise  
Can't close your eyes  
Can't close your eyes  
You may struggle but it won't matter anymore  
(Don't reject me)  
Just close your eyes and listen closely

Follow the sound of the flute, follow this song  
It may be a little dangerous but I'm very sweet  
I'm here to save you, I'm here to ruin you  
You're the one who called me, see how it's sweet

Yeah I'm a little dangerous  
I can't handle myself either  
Don't worry, my hands are  
Warm, warm only for you

If I am  
Ruining you  
Will you forgive me  
Because I can't live without you  
Because you know

I'm takin' over you  
I'm takin' over you
