(Run)  
Don't tell me bye bye  
(Run)  
You make me cry cry  
(Run)  
Love is a lie lie  
Don't tell me, don't tell me  
Don't tell me bye bye

You are my only sun, one and only in the world  
I bloomed for you, but I'm still getting thirsty  
It's too late, too late, I can't live without you  
Though my branch runs dry, I reach for you with all my strength

No matter how far I reach for you,  
It is just an empty dream dream dream  
No matter how crazy I run,  
I remain on the same place place place  
Just burn me! yes, push me out!  
This is crazy-fool's love running

Let me run more  
Please let me run more  
Even though my feet are full of scars

I smile whenever I see you

Let's run run run again! I can't stop running  
Let's run run run again! I can't help running  
Only thing I can do is run  
Only thing I can do is love you

Let's run run run again! it's ok to fall down  
Let's run run run again! it's ok to be injured  
I am happy enough even though I can't get you  
Curse me, this foolish destiny!

(Run)  
Don't tell me bye bye  
(Run)  
You make me cry cry  
(Run)  
Love is a lie lie  
Don't tell me, don't tell me  
Don't tell me bye bye

Everybody say it is over but I can't stop this  
I can't tell whether it is sweat or tears  
My bare-love and tough typhoon and wind  
Can only make me run more with my heart

Let me run more  
Please let me run more  
Even though my feet are full of scars  
I smile whenever I see you

Let's run run run again! I can't stop running  
Let's run run run again! I can't help running  
Only thing I can do is run  
Only thing I can do is love you

Let's run run run again! it's ok to fall down  
Let's run run run again! it's ok to be injured  
I am happy enough even though I can't get you  
Curse me, this foolish destiny!

Memories are crumbling like  
Dried flower leaves  
On my fingertips and under my feet  
And behind my back  
Like chasing butterfly or wondering in dreams  
I follow your traces  
Please guide me please stop me  
Please let me breathe

Let's run run run again! I can't stop running  
Let's run run run again! I can't help running  
Only thing I can do is run  
Only thing I can do is love you

Let's run run run again! it's ok to fall down  
Let's run run run again! it's ok to be injured  
I am happy enough even though I can't get you  
Curse me, this foolish destiny!
