

## Skit

BTS

Billboard No. 1 singer is entering

Oh wow, you called the No. 1 singers!

Happy birthday, too!

Oh, right wow, No. 1 on your birthday!

Oh, yes

Guess you don't need a birthday gift!

This... this doesn't make any sense

We should gift ourselves with something

This is the biggest gift!

This is the best gift of my life... what... what just happened...

So the announcement was today? September 1st?

This is a double celebration

They say it's Saturday

Oh, I'm sorry Billboard No. 1 singer has arrived too late. I went to bathroom

Hahaha! [\*clapping hands\*] I told you!

Tell us how you feel!

Okay, that was fantastic!

Can you treat Billboard No. 1 singer like this? No seat?

There are six No. 1 singers who arrived earlier than you!

It fixed my health

How was it yesterday? I went to sleep early, calmly

I felt healthier

I was late to see it too

I saw what Namjoon sent me, and had a drink right away, and went to bed

I sent it to the group chat!

I couldn't sleep at all

Nobody said anything! Were these guys asleep?!

Sorry, I was crying

I honestly didn't know it was today

Me neither, I didn't know it was today

I thought it was this evening

I thought it was 1:00 PM or something

I was thinking it would be great... to get No. 1

Why, you wanna retire all of a sudden?

Go ahead, have announcement now!

This skit will be legendary

I'm gonna do music until I die

Musician-for-life announcement!

Are we going for a drink? Or what?

We should

Let's have quick short drinking

Yeah why not

Billboard No. 1 singer couldn't get today's dance practice canceled

Dance practice canceled?

We should dance

Okay let's make it short and sweet

What's for today?

"No More Dream." Guys, don't worry

No, we are doing "back to first mindset" project, practicing "No More Dream" when we're No. 1

First intention? What first intention!?

No hyung, look. How cool is it? Billboard No. 1 singers practice their debut song on the day of No. 1 announcement?

Write that into a song

How? [\*rapping\*] I practiced "No More Dream" today, too!

That is interesting though, practicing "No More Dream" today

Ahh... for real... Do we really have to do rehearsal today?

I woke up in the morning seeing the news and...

It's so great. You guys are so great!

You are!

You are!

No, what's so great about No. 1...

It's regrettable if you say so

I want to do stage so bad seeing this

Hoba, don't you think this is what happiness is like?
