So far away
First love
So far away
First love
So far away
First love
So far away
First love

So far away
Don't fall away
So far away
Don't fall away

It sucks when you don't have anything you want to do
I know it's pathetic to not have something
As common as a dream, I know
You said to do as I'm told
That it would all fine when I go to university
I'm the asshole for believing those words
I live because I can't die
Give me some drinks
I want to get drunk today, please don't stop me
Anything will be fine
Alcohol is a luxury for a bum
But I can't stand it sober
Everyone else is running, why am I the only one here
Everyone else is running, why am I the only one here
Everyone else is running, why am I the only one here
So far away if I have a dream
If I have a dream that flies away
Don't fall away if I have a dream
If I have a dream that flies away

Dream may all of creation be with you
Till the end of your life
Dream wherever you are
Will welcome you
Dream may your trials
End in full bloom
Dream though your beginnings might be humble
May the end be prosperous

Yeah, fuck, I live because I can't die
Nothing is more miserable
And lonely than not having something you want to do
The only thing everyone around me says is to come to my senses
I try to take out my anger but the only one here
With me is me so what's the point of venting
Every morning, it's terrifying to open my eyes, to breathe

My friends and even my family are getting further away
As time goes by I'm becoming more impatient
The feeling of being on my own, I am on my own right now
I want everything to disappear
I want it to disappear like a mirage
Want it to disappear
I want my damn self to disappear
Like this, the world throws me away
In that moment I'm getting farther away from the sky
I'm falling

So far away if I have a dream
If I have a dream that flies away
Don't fall away if I have a dream
If I have a dream that flies away

Dream, may all of creation be with you
Till the end of your life
Dream, wherever you are
Will welcome you
Dream, may your trials
End in full bloom
Dream, though your beginnings might be humble
May the end be prosperous

So far away if I have a dream
If I have a dream that flies away
Don't fall away if I have a dream
If I have a dream that flies away

Dream, may all of creation be with you
Till the end of your life
Dream, wherever you are
Will welcome you
Dream. may your trials
End in full bloom
Dream, though your beginnings might be humble
May the end be prosperous

May all of creation be with you
Till the end of your life
Wherever you are in life
It will be generous
May your trials
End in full bloom
Though your beginnings might be humble
May the end be prosperous
