Was it a dream?
I think I saw you
When I open my eyes again
The room's empty

Hold still, it's an order
Our heart beats are louder than ever
No matter where we are right now
Together, wherever yeah
(Wherever yeah)

I think it's a blessing to repeat
I don't know either, my heart
Can't I see you?
I put my hands together
Tomorrow that does not change
Like a madman, I keep sayin'
Wherever you are
I know you always stay

In the place where that cloud passed by
Stay
I tell you with dry lips
Stay, stay, stay, stay (Always)
Yeah I know you always stay
Yeah I know you always stay
Yeah I know you always stay

For all of those brilliant todays
Oh, every night and day
Yeah I know you always stay

Right now I think of you
Wherever you are
It doesn't matter
We connect to 7G
It ain't the end of the world
The present, it shine like a pearl
These are just a few crisis
But I'm gonna change you

Hold still, it's an order
The stars are brighter than ever
No matter where we are right now
Wherever you are
I know you always stay

In the sea where the wind passed by
Stay
I'm talking to you with firm lips
Stay, stay, stay, stay (Always)
Yeah I know you always stay
Yeah I know you always stay

Yeah I know you always stay

For all of those brilliant todays
Oh, every night and day
Yeah I know you always stay

The cold wind blows
I take your hand, I feel your breath
I close my eyes
We are together
