The name is Jung Kook, my scale is nationwide

I pulled all-nighters at practice rooms

Instead of school, dancing and singing

When you guys partied

I gave up sleep for my dreams

I spent all night holding a pen

Closing my eyes only after the morning sun rises

My limit was broken in the

Double standards and many oppositions

But I got lucky and was contacted by an agency

All you who are called rappers because you can't sing

The rapper title is an extravagance for you

Everywhere I go, everything I do

I will show you, as much as I sharpened my sword

To all the people who looked down on me

(Oh oh oh oh oh oh) hey shout it out

Oh! Throw a stone at me if you've done as much as I did

We go hard, we have no fear

(Click click, bang bang) we just sing it like

(Click click, bang bang) we just sing it like
Oh! Throw a stone at me if you've done as much as I did
We go hard, we have no fear
(Click click, bang bang) we just sing it like

(What) Give it to me
(What) Be nervous
(What) The one to end it all

Look at my profile, there's nothing there yet
Still a trainee and rapper man
Yeah I do know that's nothing
I contemplated a lot but now I don't need anything
You're still an amateur
I'm in the majors, hope you'll rot like that
Rap Monster, like my name
I can eat up any kind of beat like a monster
I'm loyal to my name, guys come here, take a preview
I put a twist to being an idol
Haha, hyungs who only had hip-hop pride
Told me it'd be impossible but
Look carefully, I place a period after impossible
I'm possible, now are we all set, boy?

Everywhere I go, everything I do
I will show you, as much as I sharpened my sword
To all the people who looked down on me
(Oh oh oh oh oh oh) hey shout it out

Oh! Throw a stone at me if you've done as much as I did
We go hard, we have no fear
(Click click, bang bang) we just sing it like
