Hey hey - reach to the sky.

The only way is up.

With you and me together.

We will never stop.

Believe what I say.

The only way is up.

We're climbing up a ladder.

And we will never stop.

We're starting today.

We gotta run. hurry up don't wanna be late.

Oh oh oh, hurry up and let's get away.

Summertime, there's sunshine and fun in the air.

Oh oh oh, there's sunshine and fun everywhere.

Hey hey - you don't have to think about it.
Hey hey - reach to the sky.

The only way is up. The only way is up.
And we will never stop.

We're starting today.

If I gave my love, what would you do?
If I gave my love would you be true.
If I looked you in the eyes and told you how I feel.
Gave my love, if I gave it to you.

The only way is up. And we will never stop.
The only way is up. And we will never stop.
