

Knockin' Down the Door

Buck-O-Nine

I'm in love for the first time
And there is no reason why
I've endured for a lifetime
To judge just look into those eyes
Rock 'em sock 'em type of people
They never get enough
I've always fixed on doing it
My way through sequel
I've forged ahead a lifetime fight

I and I
We all look to the sky for something
Justified
All the people can't be wrong
All the time

I've been drugged for the first time
and there is no reason why
I've been surged for the second time
So give me all the first light
In the world

Knock 'em back a stack
Of drunken empty bottles
I can knock you out tonight
Or so they say
Fuck and fuck and damn me
'Til I'm down 'til I bleed
I'll never let the pessimists bet me

I and I
We all look to the sky for something
Justified
All the people can't be wrong
All the time
So we're knocking down the door tonight

Remember the first time
The first time they spit in your eye
Remember the first time
The first time you believed their lies
Bet it hit a sparkplug stack
In the back of your neck
And jacked you high
And there is no reason why
Perhaps it's all because

I and I
We all look to the sky for something
Justified
All the people can't be wrong
All the time
