

## Tell It Like It Was

Buck-O-Nine

Wrap your fingers 'round this now  
Well, I've heard things about you  
Walking the halls, we know so well  
And no way that could be true

You got a girl, said she's a model  
Which sounds like you've got big bravado

I'd like it if they'd only tell it like it was  
I'd like it if they'd only tell it like it was  
I wouldn't mind, but my mind's making such a fuss  
Am I the only one inside here?

Got a job and you make 800 grand  
By selling used Isuzus  
Well, if the guy on the stage is your best friend  
Well, am I backstage with you?

You got a girl, said she's a model  
Which sounds like you've got big bravado

I'd like it if they'd only tell it like it was  
I'd like it if they'd only tell it like it was  
I wouldn't mind, but my mind's making such a fuss  
Am I the only one inside here?

And it's all state of mind  
Yeah, it's all state of mind  
And we can make these walls come down  
And leave it alone, leave it alone

Wrap your fingers 'round this now  
Well, I've heard things about you  
Walking the halls, we know so well  
And no way that could be true

You got a girl, said she's a model  
Which sounds like you've got big bravado

I'd like it if they'd only tell it like it was  
I'd like it if they'd only tell it like it was  
I'd like it if they'd only tell it like it was  
...
