

Alabama Louisiana Or Maybe Tennessee

Buck Owens

I'm gonna buy me a great long ticket gonna leave on the midnight train

And I don't care about the destination just as long as I leave today

Gonna pack all of my belongings gonna take everything I own
And if anybody ask about me just say I've been here and gone

And you can reach me in Alabama Louisiana or maybe Tennessee
Indiana or Montana or even Missouri

North Dakota Minnesota or Washington DC

Anyplace that I can find to lose your memory

Well I'm gonna start all over cause I got a lotta livin' to do
And the sooner that I get started the sooner I forget about you
I'm gonna live a life of rally and happy I'm a gonna be

And just in case you're interested well here's where you can find me

You can reach me in...

You can find me anyplace that I can find to lose your memory
