

# Feel Good Again

Buck Owens

Let me sing you a love song  
Let me hold you, it's been so long  
Let me take you, let me make you  
Feel good again

Let my lovin' return you  
Some more memories of when I've heard you  
Let me take you, let me make you  
Feel good again

I don't need to know where your heart is  
And I don't really care where it's been  
Once you close your eyes for a while  
Let me make you feel good again

Let me hear you say  
There'll be a brighter sunshine today  
Let me take you, let me make you  
Feel good again

Let me take you, let me make you  
Feel good again
