I Love You So Much It Hurts

Buck Owens

```
Love you so much it hurts need you so much it hurts
Want you so much and that's for certain
And if you do me wrong I'll still tag along cause I love you so
 much it hurts

Everybody tells me what a flirt you are and that not for certai
n if that's all you are
But only you and I know what we're reaching for
And darling I'm just reaching out to love you
Love you so much

Rumors of flying yes they're everywhere
And there's none easy feeling I feel in the air
But I've heard it said what you don't know won't hurt you so
Well I don't wanna know because I love you so
Love you so much...
