

She's Had All The Dreamin' She Can Stand

Buck Owens

Chased our dreams endlessly, through it all she stood by me
More than that Lord, she was such a friend
Dreamin's all I had to give, she needed more to live
She's had all the dreamin' she can stand.

She was always good to me, good as anyone to be
And I was always part of all her plans
But one by one the dreams all died
And late at night I'd hear her cryin'
She's had all the dreamin' she can stand.

She's had all the dreamin' she can stand
She wants something real she can hold in her hand
Things like other people have not just dreams that's all gone b
