

Sing That Kind Of Song

Buck Owens

Sing me a song about heartache
Sing me a song sad and blue
Make me remember old mem'ries
Make it remind me of you.

Put in plenty of teardrops
Make my emotions overflow
Sing me a song about a love affair gone wrong
Make me cry, sing that kind of song.

Leave out all of the happiness
Put in all of the loneliness
And sing me a song bout a love affair gone wrong
Make me cry, sing that kind of song.

Leave out all of the happiness
Put in all of the loneliness
And sing me a song bout a love affair gone wrong
Make me cry, sing that kind of song...
