

Take Taste Of My Wine

Buck Owens

Come a little closer be a little bolder
Come and take taste of my wine
Just a little teasing makes it mighty pleasing
Babe it's gonna be just fine.

Come on baby let the good times roll
(Come on baby really thrill my soul)
Come a little closer be a little bolder
Come and take taste of my wine.

Honey, stop your stalling, can't you hear me calling
Come and take taste of my wine
Love will start to flowing when you get to going
Babe it's gonna be just fine.

Come on baby let the good times roll
(Come on baby really thrill my soul)
Come a little closer be a little bolder
Come and take taste of my wine.

Your heart will start to reeling when you get the feeling
Come and take taste of my wine
Make you kinda hazy just a little lazy
Babe it's gonna be just fine.

Come on baby let the good times roll
(Come on baby really thrill my soul)
Come a little closer be a little bolder
Come and take taste of my wine.

Come on baby let the good times roll
(Come on baby really thrill my soul)
Come a little closer be a little bolder
Come and take taste of my wine.

Come and take taste of my wine.
Come and take taste of my wine...
