

There's Gotta Be Some Changes Made

Buck Owens

There's gotta be some changes made round here
I can't go on like this and that's for sure
Yes, I've gotta know, is it stop, is it go,
Should I leave or stay, am I just in your way
There's gotta be some changes made round here.

There's gotta be some changes made round here
For I can't stand another lonely night of fear
Don't be so unkind, I'm almost out of my mind.
Do I fit in your plans
Please tell me where I stay,
There's gotta be some changes made round here.

Yes, I've gotta know, is it stop, is it go,
Should I leave or stay, am I just in your way
There's gotta be some changes made round here.

There's gotta be some changes made round here
For I can't stand another lonely night of fear
Don't be so unkind, I'm almost out of my mind.
Do I fit in your plans
Please tell me where I stay,
There's gotta be some changes made round here.

There's gotta be some changes made round here...
