

## Tired Of Living

Buck Owens

Well I'm tired of livin' and I'm scared of dyin'  
I can't get ahead and there's no use a tryin'  
Things would better change and I ain't a lyin' somethin' better  
happen pretty soon

Yeah the people workin' around and everyday are gettin' promoti  
on and raisin' pay  
But I keep a workin' the same old way and somethin' better happ  
en pretty soon  
Yeah the man next door owns a forty room shack  
Rides around ever day in a big Cadillac  
But I'm still walkin' that's a fact seems somethin' better happ  
en pretty soon  
Well I'm tired of livin'...

Well everybody's got a girl to call his own but I keep on a liv  
in' all alone  
Like a king without a throne somethin' better happen pretty soo  
n  
Well my brother Bill he's a never broke he have worked so lick  
and that ain't no joke  
If things don't change I'm afraid I'll croak somethin' better h  
appen pretty soon  
Yeah I'm tired of livin'...
