Buckcherry

(5221, prepare to takeoff)  
8-7-6  
5-4-3-2-1!

Gettin' cornered was a bad decision  
Finding trouble was my disease  
I'm boarded up and it's like a prison  
Cut me off if you want to breathe

I keep on waiting for another outcome  
I keep on waiting for the chips to fall  
All I wanted was a breakout and have fun  
Now I want it to dissolve

All these things have crossed the line  
I must have told you a thousand times  
I think I'm gonna have to cut you loose  
You keep on talking 'bout my attitude

5, 4, 3, 2, 1, goes another one  
Now you're on the run, are you having fun  
5, 4, 3, 2, 1, are you overrun  
Chaos left undone, it's a megaton

I get in trouble with imagination  
I'm like a butterfly without any wings  
I left a mark all across the nation  
On my own I don't need anything

I'm deeper in it and it's lasting so long  
I hit the limit and I dropped the ball  
I thought I left it in the past but I'm wrong  
Now I'm bouncing off the walls

I should leave this all behind  
And I ain't ever gonna change my mind  
I see these motherfuckers playin' a fool  
Acting so tough cause they're breaking the rules

5, 4, 3, 2, 1, goes another one  
Now you're on the run, are you having fun  
5, 4, 3, 2, 1, are you overrun  
Chaos left undone, it's a megaton

5, 4, 3, 2, 1, goes another one  
Now you're on the run, are you having fun  
Can't keep up this pace if I wanted to  
Locked outside the gate what should I do

18 miles away from the conflict  
Burnin' out like a flame, where's the target  
I cleaned out my safe cause I'm rotten  
I will do just fine at the bottom

All these things have crossed the line  
I must have told you a thousand times  
I think I'm gonna have to cut you loose

You keep on talking 'bout my attitude

5, 4, 3, 2, 1, goes another one  
Now you're on the run, are you having fun  
5, 4, 3, 2, 1, are you overrun  
Chaos left undone, it's a megaton

5, 4, 3, 2, 1
