

Blackout

Buckcherry

Something's got a hold of my head
I'm lading in and out I don't feel so well
I don't even know what I said
I feel like someone went and just rang my bell

I'm in a blackout
Somebody help me
They call this shit a blackout
And I can't come down
What came out of my mouth?
Oh no, I blacked out

I feel like I'm the Walking Dead
I guess I fucked up, I went off the rails
Didn't even make it to bed
And lucky for me I stayed out of jail

Another blackout
Somebody help me
They call this shit a blackout
And I spin around like a merry-go-round
Oh no I blacked out
Blacked out

When I black out I cannot get off my couch
When I black out I'm on a merry-go-round
When I black out I let my loved ones down
When I black out I'm living animal house

I fucking blacked out
Can't somebody help me?
They call this shit a blackout
And I can't come down

I'm in a blackout
Somebody help me
They call this shit a blackout
And I can't come down
What came out of my mouth, oh no
And I spin around like a merry-go-round, oh no
I blacked out

Oh I blacked out
