

Bliss

Buckcherry

I needed it
I wanted this
Eternal bliss
From just one kiss

Take me to your room
Put your records on
Did you know that you're
Playing my favorite song?
Lying on your bed
Sat and finally read
Stuck on you and I can't
Get you out of my head

We needed it
Eternal bliss
From just one kiss

I'm so high
So you better keep me from fallin'
'Cause I'm fallin' for you
I'm so high
Are you ready to feel like I do?
'Cause I can't stop thinkin' of you

You got all this down
Baby, show me how
The way you move
Is making me crazy for you
Always wanna chase
It's written on your face
You turn me on and you know
That I've waited so long

I needed it
Eternal bliss
From just one kiss

I'm so high
So you better keep me from fallin'
'Cause I'm fallin' for you
I'm so high
Are you ready to feel like I do?
'Cause I can't stop thinkin' of you

I never felt I needed more than this
You broke the spell with just one kiss
So good I need it for a bit
Eternal bliss
From just one kiss

I'm so high
So you better keep me from fallin'
'Cause I'm fallin' for you
I'm so high
Are you ready to feel like I do?
'Cause I can't stop thinkin' of you

I'm so high
So you better keep me from fallin'
'Cause I'm fallin' for you
I'm so high
Are you ready to feel like I do?
'Cause I can't stop thinkin' of you

Eternal bliss
From just one kiss
