

# Feels Like Love

Buckcherry

I stayed in today  
'Cause my heart is cold  
And I know it's time to change

When I saw your face  
You're like a precious stone  
And I wanted to engage

I don't know what to do  
I can't live without you

And I can't get you out of my head  
I ain't givin' up  
'Cause I feel like I am closer and I think it's love  
So tell me what you want again  
Let me gain your trust  
I can see it now  
And I don't know how, but it feels like love  
Yes, it feels like love

Put your hand in mine  
I wanna savour this  
'Cause some say love is blind

You make me high  
And I love your kiss  
You are special with nothin' to hide

The light comes shining through  
Every time I see you

And I can't get you out of my head  
I ain't givin' up  
'Cause I feel like I am closer and I think it's love  
So tell me what you want again  
Let me gain your trust  
I can see it now  
And I don't know how, but it feels like love

I don't wanna waste your time  
You take my breath away  
And when you look me in the eyes  
It's more than I can, more than I can take  
It's more than I can take

And I can't get you out of my head  
I ain't givin' up  
'Cause I feel like I am closer and I think it's love  
So tell me what you want again  
Let me gain your trust  
I can see it now  
And I don't know how, but it feels like love  
Yes, it feels like love  
Yes, it feels like love
