

# Junk

**Buckcherry**

All your timin' is lightin'  
Are your stories for real  
This shit is a tight fit  
Are we making a deal  
Oh my God it's such a long way down  
We should probably take this shit out of town

Junk watch what cha do  
Don't get distorted  
Assemble the crew  
And bring the house down  
Junk spreadin' the news  
Did you report it  
Don't be a fool  
Cause your junk can get around

Got myself in a bad way  
I just needed me some luck  
Can't be looking behind me  
When there's no one to trust

Went too far it's coming back around  
So I'm heading for the underground

Junk watch what cha do  
Don't get distorted  
Assemble the crew  
And bring the house down  
Junk spreadin' the news  
Did you report it  
Don't be a fool  
Cause your junk can get around

There is chaos inside me  
Sometimes I don't feel  
When I think I got problems  
Sometimes it ain't real  
Gotta clear out the cobwebs  
Time to gain me some strength  
Bring the fight to the jungle  
Let em see what I think  
Let em fucking see what I think!

Junk watch what cha do  
Don't get distorted  
Assemble the crew  
And bring the house down  
Junk spreadin' the news  
Did you report it  
Don't be a fool  
Cause your junk can get around

Junk watch what cha do  
Don't get distorted  
Assemble the crew  
And bring the house down  
Junk spreadin' the news

Did you report it  
Don't be a fool  
Cause your junk can get around
