

Let It Burn

Buckcherry

Heading out the front door, duty calls, it's time to hit the road

I'm living for the moment, working hard, a viking to the core

My target is in sight, I take my time and turn the tiger loose

Now I find time to do what I can do

Nothing's gonna stop me 'cause I'm breaking right on through

My thoughts are finally coming true

It's time for the tides to turn, so let that mother burn

Driving down the freeway, a wrecking ball is coming to your town

Running at a fast pace, you know we'll bring the ceiling to the ground

Tell me to go higher and next time you can bring the whole damn crew

Now I find time to do what I can do

Nothing's gonna stop me 'cause I'm breaking right on through

My thoughts are finally coming true

It's time for the tides to turn, so let that mother burn

Let it burn

Let it burn

Now I find time to do what I can do

Nothing's gonna stop me 'cause I'm breaking right on through

My thoughts are finally coming true

It's time for the tides to turn, so let that mother burn

Let it burn

Let it burn

Let it burn

Let it burn

Let it burn

Let it burn

Let it burn

Let it burn
